ALL ABOUT FASHION BUSINESS

APPAREL ONLINE VIETNAM – REACHING OUT TO 45, 000 INDUSTRY USERS

With over 20 years of credibility in the Indian textile and garment industry, Apparel Resources entered Bangladesh nearly 4 years ago with *Apparel Online Bangladesh (AOB)* and into Vietnam about a year ago with *Apparel Online Vietnam (AOV)*. Today, it enjoys a circulation of over 15,000 copies every month with a readership of over 45,000 industry-informed persons spanning the vast supply chain.

Creating a niche in the garment industry, AOV has interacted with over 100 exporters, 40 Country Managers and CEOs of buying offices, officials of numerous garment associations, top management professionals, technologists, processors, trimmings & embellishments manufacturers and suppliers, and many other people associated with the industry.

Garment exporters (Knit & Woven), buying houses, trimmings and machinery suppliers are the subscribers of the magazine.

The magazine has become an appreciated platform for knowledge sharing and a ready reckoner for sourcing of machines, accessories, fabrics and other industry needs. The content is a rich assortment of industry-focused research reports on markets and products, views and interviews of international buyers and retailers, sourcing strategies of companies and countries, technical inputs on how to be lean and productive and analyses of benchmark practices of exporting companies.

OUR COMPANY

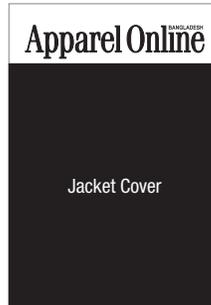

Apparel Resources with the tagline 'Everything Sourcing', is a media house that works towards bringing together both the manufacturer and the retailer on a local and international platform to enable a deeper understanding between the two about one another for better and prosperous business. Through our various products and publications, Apparel Resources highlights issues related to and for the apparel industry regarding products, markets, trends, sourcing strategies, technology solutions, production planning, manufacturing techniques, value addition options, compliance and human resource concerns through news, views and analyses, directly engaging the industry.
